

Competition dancers enjoy a unique and exciting opportunity to travel to regional dance competitions and community performances. Members of our teams learn how to work as a team player while training, perfecting their skills, and performing for a wide array of audiences! All teams offer the opportunity to study dance at a more professional level and are geared for those who wish to take their dance education to the next level. Being a part of a competition team is an enriching, unforgettable experience! These teams will also participate in the production numbers, the finale number for our Dance Showcase as well as in competitions. **Students are encouraged to audition for any or all of the teams!**
